## THE PRESENTATION

The Dean of the Faculty of Medicine asks the candidates for degrees to rise, and presents them with these words:

"Eminent Chancellor and President, on behalf of the Faculties, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled."

## THE PLEDGE

The President, then rising, addresses the candidates in these words:

"Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges and liberties of this your University? Do you pledge your honor that when you become a member of Convocation you will vote only for those whom you surely know or firmly believe to be fit and proper persons to share in the government of this University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honor of your University, the encouragement of learning and the good of your country?"

Each candidates replies: "These things I pledge myself to do."

## THE ADMISSION

The Chancellor then addresses the candidates in these words:

"By virtue of the authority vested in me by the Legislature of this Province, and with the consent of this University, I admit you to the degrees to which you are entitled, and invest you with all the powers, rights and privileges pertaining to such degrees, and I charge you to use them for the glory of God and honor of your country."

Candidates then sit down.

## THE DENTAL PLEDGE

I, realizing the privileges and opportunities that have been given me in my study of the art and science of Dentistry and appreciating the significance of the Dental degree, which is to be conferred upon me, do hereby willingly pledge:

That I will diligently uphold the dignity, honor, and objectives of the dental profession and to the best of my ability will contribute to its prestige, proficiency, and progress.

That I will consecrate my life to the service of humanity and practise my profession with conscience and dignity.

That the health of my patient shall be my first consideration and that I will respect his confidences when entrusted to me.

That I solemnly accept my responsibility to my patient to give him the best of my knowledge and skill.

That I will faithfully observe the principles of ethics as set forth by the profession.

I make these promises solemnly, freely and upon my honor.

## THE MEDICAL PLEDGE

Declaration of Geneva adopted by the General Assembly of The World Medical Association at Geneva, September, 1948.

---

AT THE TIME OF BEING ADMITTED AS A MEMBER OF THE MEDICAL PROFESSION:

I solemnly pledge myself to consecrate my life to the service of humanity.

I will give to my teachers the respect and gratitude which is their due.

I will practise my profession with conscience and dignity.

The health of my patient will be my first consideration.

I will respect the secrets which are confided in me.

I will maintain by all the means in my power, the honor and the noble tradition of the medical profession.

My colleagues will be my brothers.

I will not permit considerations of religion, nationality, race, party politics or social standing to intervene between my duty and my patient.

I will maintain the utmost respect for human life, from the time of conception; even under threat, I will not use my medical knowledge contrary to the laws of humanity.

I make these promises solemnly, freely and upon my honor.
